remote viewing is the ability to correctly perceive and describe detailed information about a remote place person or thing regardless of the normal boundaries of time and space for over 25 years it has represented the cutting edge of research into powers of the mind the author s near death experience in 1970 ultimately drew him to the cognitive sciences lab of sri international there he learned to control his talent for collecting information through extra sensory perception this text gives an insight into current perceptions and realities and deals with the doubts and fears of the rv learning process

coyote anthropology shatters anthropology s vaunted theories of practice and offers a radical and comprehensive alternative for the new century building on his seminal contributions to symbolic analysis roy wagner repositions anthropology at the heart of the creation of meaning in terms of what anthropology perceives how it goes about representing its subjects and how it understands and legitimizes itself of particular concern is that meaning is comprehended and created through a complex and continually unfolding process predicated on what is not there the unspoken the unheard the unknown as much as on what is there such powerful absences described by wagner as anti twins are crucial for the invention of cultures and any discipline that proposes to study them as revealed through conversations between wagner and coyote wagner s anti twin a coyote anthropology should be as much concerned with absence as with presence if it is to depict accurately the dynamic and creative worlds of others furthermore wagner suggests that anthropologists not only be aware of what informs and conditions their discipline but also understand the range of necessary exclusions that permit anthropology to do what it does sly and enticing probing and startling coyote anthropology beckons anthropologists to draw closer to the center of all things known and unknown

think feel dream believe inside each one of us is a beliefworks that takes the raw potential of belief and creates a one of a kind worldview driving everything we do our beliefworks manufactures the prism through which we see life and magically transforms what is into what we believe it is the line between the way it is and what could

be is often no more than a belief as author ray dodd notes what we believe is a riptide guiding the thoughts we think the words we say and the decisions we make belief touches every part of life defining organizations shaping trends dividing families and even igniting terrorism beliefworks ray dodd s follow up to the power of belief will turn your mind inside out casting a fresh light on how we love work play and what holds us back from the life we desire discover seven secret keys for unlocking the true power of belief and put this extraordinary force to work for you

theart of navigationexamines the author s life transforming association with the enigmatic shaman and anthropologist carlos castaneda from a first encounter in 1980 up to the present more than a decade after castaneda s death journey with a modern day shaman s apprentice on his more than thirty year trek across the globe from hedonistic beginnings towards surrender and awakening from a focus on magic and power to the emergence of love and compassion the central theme of this memoir is the art of navigation which entails living life in the spirit of an enchanting treasure hunt playful intuitive fluid and fully aware

lee fairchild has realized every actors dream a theater of her own the dream is about to turn into a nightmare who or what lives on the third floor bizarre seemingly unrelated events beginning with a homeless man found dead on the third floor of the theater escalate to ritual murder

establishing a link between phenomenology and hermeneutics as seen by philosophers notably heidegger and husserl and as applied by students of religion notably eliade and van der leeuw is the pioneering aim of this book no existing book ties together the cross disciplinary strands in a way that is useful for religious studies a phenomenological and therefore hermeneutical approach to religion prides itself on being aware of its own presuppositions and those of others that are brought to bear on data to be interpreted thus it seeks to gain an access to the religious worlds of other peoples in as pure a form as possible phenomenological hermeneutics differs from the traditional comparative study of religion in an important way the new method attempts an empathic understanding of religious experiences before making any comparisons or drawing any inferences part i shows how the phenomenological approach must arise from a crisis of doubt within the prevailing tradition it goes on to compare this approach to the mystics understanding of the scope and limitations of rational consciousness contrasting it with the nominalists dichotomy between faith and reason part ii starts with eliade s creative hermeneutics which holds that an object or an act becomes real only insofar as it imitates or repeats an archetype particularly the archetype of the sacred it goes on to develop cassirer s point that myth is a particular way of seeing part ill starts by showing how art like religion is an imitation of an archetype it goes on to apply hermeneutical phenomenology to the interpretation of ritual ritual gesture chapter 6 argues thematizes the world establishing a mystical symbolic relationship between body and world the seen and the unseen part ill continues with a critique of the writings of carlos castaneda arguing that these contain the symbolic elements of both archaic shamanism and classical mysticism the final chapter treats the three tiered cosmos that is universal

in folklore the tier of family home land artifacts the tier of clan tribe nation and the tier of weather seasons natural forces each tier has its loric power and these powers are united by shamans and mystics in one sacred kingdom of power
